

Remote Training Courses

Setting New Standards Together

At the Maritime Skills Academy, a selection of our training courses are available to be taught remotely by our expert trainers.

We aim to deliver the high-standard training provision needed to support a company's key objectives: delivering the safest and most efficient standards in the industry.

Shipboard Safety Officer

Taught by our experienced trainers, this 3-day course allows designated personnel to take up the role of Safety Officer on board a ship.

Objectives

Learn what is involved in carrying out the role of a Ship's Safety Officer

Learn how to carry out risk assessments and accident reporting

Learn how to carry out safety audit inspections

Learn how to create a safety culture aboard ship, through teamwork and raising awareness

Train the Trainer

This 3 day course is aimed at giving students the necessary knowledge and skills to enable them to research, design, prepare, and deliver short professional courses for people working, or wishing to work, within the maritime industry.

The course will concentrate on the learning styles of students and the reasons for tutors to develop a range of delivery strategies.
