

# Maritime Skills Academy

Delivering a higher level of deck  
& engine simulation, maritime,  
fire and safety training

Viking Maritime  
GROUP

MSA

Today, with a focus on personal service, we offer over **500 expert courses** to over **5,000 delegates** annually. As an approved **Maritime & Coastguard Agency, Nautical Institute** and **UK Chamber of Shipping** recognised centre, we are as proud to be meeting the high standards of commercial operators as we are in supporting individuals to maintain or build their professional development.

**500**  
expert courses  
**5000**  
delegates

#### Courses cover

Tailored Operational Fire Fighting (built around your company procedures) 3 to 5-day sessions available

## Our training

### Simulator Courses

Our simulation courses are 100% tailored to your needs and procedures. A full consultation prior to training will take place to understand areas of focus or concern, sailing areas, procedures and to build a full training programme.

Our ship library provides us with similar vessels to your fleet (size and propulsion) or you can choose to invest in your own exact ship model. We can offer favourable pricing due to our Wartsila partnership.

### STCW

You can choose to put officers and crew on your own closed group sessions, or the calendar scheduled courses which run throughout the year. This is normally depending on numbers and logistics.

### Operational Fire Fighting & Damage Control

The emphasis in understanding the core training focus is key and is discussed during the consultation phase, prior to any training commencement. This will be done in collaboration with our expert instructors, so the aims and objectives are met. We focus on any procedures, areas of improvement, or concern.

### Onboard Training, Assessment & Audits

With our expert team of instructors, seafarers and HR specialists, we are able to provide various areas of consultancy that will benefit the safe operation of your vessels. Areas include:

- Accident investigation
- HR and policy creation
- Safety Procedures advice and design
- Safety Audits
- Port Studies
- Research and development for vessel models
- Independent officer and crew skill set assessments

# Luxury YACHT INTERIOR TRAINING

## Yacht Interior Training

Providing high quality interior training to luxury yacht crew professionals looking to improve their skillset. We offer bespoke, tailored training and consultancy to enhance the service standards onboard luxury super yachts.

## Course pricing

Favourable rates will be provided depending on the training programme taken and length of contract.

## Flights, Hotels & Transfers

We can arrange flights from anywhere in the world, local accommodation and even airport transfers for course delegates. We have fully flexible corporate rates locally which can be booked as bed and breakfast options.

At our centres there are also lunch options for delegates at a cost.

## The Maritime Skills Academy is a Viking Maritime Group Business

The Viking Maritime Group is a leading maritime services company operating in the United Kingdom, Gibraltar, Guernsey, the USA, New Zealand, and the Philippines. Founded in 1988, the company encompasses a diverse group of businesses, including Viking Crew, the leading maritime crew services provider.
