

MCA Approved STCW Updated Proficiency in Advanced Fighting

Instructor-led Online Learning

The Maritime Skills Academy now offers the option of remote, online, instructor-led learning for UAFF. This 1 day course is taught in our virtual classroom by our expert trainers.

This structure allows for real-time questions, discussions, and feedback between the instructor and students. This is ideal for delegates looking to save on travel time and expenses.

Holders of an Advanced Fire Fighting certificate require updated proficiency training in advanced firefighting every five years.

During this course, the following is covered:

Controlling firefighting operations on board

How to organise and train fire parties

How to inspect and service fire detection and extinguishing systems and equipment

Practical requirements for statutory and classification surveys

How to investigate and compile reports on incidents involving fire
