

Train the Trainer

Accredited by the UK Chamber of Shipping, this course is aimed at giving students the necessary knowledge and skills to enable them to research, design, prepare and deliver short professional courses for maritime people working, or wishing to work, within the maritime industry.

The course will concentrate on the learning styles of students and the reasons for tutors to develop a range of delivery strategies. The first day will also include a discussion about possible sources of quality information and the range of methods that could be employed in assembling the information into a suitable learning structure.

The fully structured Learning for this course has been divided into video-style sessions, student research, reading material, and presentations.

Students will be asked to complete their own presentation which will be recorded and played back.
